

RE-NOTICE OF PUBLIC COMMENT PERIOD
Proposed Land Use Covenant and Notice of Exemption
Joslyn-Sunbank Company Facility

1740 Commerce Way, Paso Robles, California 93446

PUBLIC COMMENT PERIOD: November 12, 2010 through December 14, 2010

WHY IS THIS A RE-NOTICE? The Department of Toxic Substances Control (DTSC) was informed that the public notice that was to appear in the June 29, 2010 edition of the Paso Robles Press did not appear due to unforeseen circumstances. DTSC is reopening the public comment period as required by law.

WHAT IS BEING PROPOSED? DTSC invites you to comment on a Corrective Measures Proposal (CMP) for the 5.4 acre Joslyn-Sunbank Company Facility (Facility). The primary objective of the CMP is to present a final remedy that will complete corrective action at the Facility. Since 1981, the Facility has manufactured military and aerospace electrical connector components and accessories. In 2002, Joslyn-Sunbank entered into a legally binding agreement with DTSC to investigate contamination located at the Facility. The proposed corrective measure is to implement institutional controls consisting of a land use covenant requiring that current and future land use remain commercial/industrial. As required by California Law, DTSC has performed a review of the proposed corrective measure in accordance with the California Environmental Quality Act (CEQA). Based on the review, DTSC has determined that the proposed corrective measure will not have any significant adverse effects on public health or the environment, and proposes to issue a CEQA Notice of Exemption (NOE) in connection with this project. The proposed CEQA NOE is available for public review during the 30-day comment period.

DTSC encourages you to review and provide comments on the Corrective Measures Proposal during the Public Comment Period running from **November 12, 2010 – December 14, 2010**. DTSC will consider all comments before finalizing its decision to approve the Corrective Measures Proposal.

Comments sent only by mail must be postmarked or received **by December 14, 2010**. Comments sent by fax should also be mailed. All comments should refer to the Corrective Measures Proposal and **must be sent to** the following:

Jermaine Nora
DTSC Project Manager
5796 Corporate Avenue
Cypress, CA 90630
Fax: (714) 484-5438
jnora@dtsc.ca.gov
